

# **Post-traumatic Amnesia**

**Dr Gemma Hardy, Clinical Psychologist  
Neuropsychology Dept, Addenbrookes  
Hospital**

# What is PTA?

agine....

# Post-traumatic Amnesia

- Why do we assess PTA?
- How?
  - *Standardised tests*
- What is an ideal assessment?

# Assessment at Addenbrookes

- Development of in-house tool (CAM-PTA) in collaboration with MRC-CBU colleagues
- Cognitive domains (memory, attention)
- Evaluate use by correlating against MDT and standard tests
- Ongoing data analysis (n=18 currently)

# Thank you
